### Bury Me in Pink Gandhi's Appeal The King's Maxim If War Did Come

Woman's interest in dress, strong and deep, goes back a million years. She started with a beehive, according to scientists. First an ornament around the neck, then one around the waist, then a skirt and all sorts of things.

A woman in California who murdered a man and killed herself asked to be buried in white satin with yellow roses in her hand.

A well-known actress in New York jumps from a twentieth-story window and makes two requests: first, that she be buried in pink satin; second, that her husband keep away from the funeral.

Beautiful in sincerity and humility is Gandhi's appeal to the British government. "On-bended knees, I ask you to ponder this phenomenon"—namely, the "impoverishing of India's dumb millions" by Britain.

Gandhi says, "I do not intend to harm a single Englishman." He will only resist passively.

Very touching, but not the attitude that gains independence, not the attitude of a people ready for independence.

Britain set a different example before the Hindus after the Sepoy rebellion.

The British put murderous rebels inside of cannon and blew them to pieces, knowing that religious superstition would make the punishment most horrible.

No rebellion of consequence since then.

One industry marches on to higher and higher figures. In the cigarette business, prosperity reigns. Everybody always has money to buy cigarettes.

When employment is lacking there is leisure to smoke more cigarettes, and all feel that they must have them, job or no job.

Last year's production was one hundred and nineteen billion cigarettes, almost a thousand cigarettes per year for every man, woman and child in the United States.

One thing most important to all business men in connection with the cigarette industry: Cigarette men are the most aggressive, energetic and continuous advertisers in the nation.

The Standard Oil Company of New Jersey sets an example to other oil concerns, voluntarily reducing its refinery operations by one-seventh.

Refining is a continuous process, and must continue seven days a week, but only six days' actual work will be done, to prevent overproduction.

And most important part of the good example, men will not be discharged or have their wages cut.

An English clergyman reveals King George's six maxims, all hung up on the walls of his library.

The first is: "Teach me to be obedient to the rules of the game."

Excellent for a constitutional monarch, obeying the will of his people. Others of a different kind, Alexander, Caesar, Napoleon, had a different maxim: "See that you obey the rules of the game as I make them."

We do not understand management of prisons, or our criminals are different from other criminals.

Weeks ago, Warden Hoffman of Auburn prison, New York, told a reporter: "We are sitting on a powder keg."

Recently, a convict stabbed the head keeper of the prison to death. He knew that the electric chair, nearby, would inevitably avenge that murder. Nevertheless, he committed it.

General Ely, commanding the second corps area, has a plan to defend New York city in war.

He would "mobilize the civilian services."

If modern war came the civilian services would mobilize themselves. And with them the six million population of New York, as many as survived the first gas and bomb attack, would mobilize themselves by scattering through the country, abandoning the city as rats leave a ship when it is sinking.

In case of an attack by airplane, which would be the first sort of attack in a new war, it would not be necessary for General Ely to worry about this suggestion for "guarding the water supply."

After the first half hour, there wouldn't be anybody left in New York to drink water. The dead couldn't drink it and all the living would have left the city.

An encouraging statement comes from Mr. Edsel B. Ford, now in Florida. He is one who talks rarely, and thinks first. President of the Ford company, knowing the sales from day to day, possessing sound information about business conditions, he predicts steady improvement in business, particularly in industrial lines.

## Grayling-McBain Are Tournament Champions

WEST BRANCH AND HILLMAN RUNNERS-UP. RECORD-BREAKING CROWDS WITNESS GAMES.

Keen interest in basketball, loyalty of fans to follow their home teams and fine weather contributed greatly to the record-breaking attendance at the 32d District State basketball tournament held in Grayling gymnasium March 6, 7 and 8. The receipts for admittance amounted to \$1,050 for the three afternoons and evenings. More than 1000 people witnessed the games Friday night. The final games of Saturday night too found the attendance huge.

Some of the teams and their coaches arrived the day before the opening of the tournament in order to get some practice on the local court. It was a fine lot of young men who were really guests of the citizens of Grayling during the tournament—boys just like our own home players, and it was indeed an inspiration to see them. All trained athletes, here to test their metal against the players from other schools. It was indeed a privilege to have them as guests. Everywhere welcome signs were hung out to greet them and the cordiality between the people of Grayling and the players was of the warmest. Many of these boys have been coming here for a number of years, and there were many warm friendships that were renewed during those days.

C. A. Potter of Mt. Pleasant and Roy O. Milnes of Grayling handled the games as referees and thus far we have heard no criticism of the way they handled them. They kept the games fast and peppy and at all times seemed to be certain of their positions in rendering decisions.

Fred Alexander acted as timekeeper and Gerald Poor kept the score. It was no small task for these officials but they were faithful to the last and deserve the thanks of the management, players and the public for the service they rendered.

The tournament was managed by M. A. Bates, Emil Kraus and T. P. Peterson, all members of the school board. It was a big job and required a lot of hard work to plan out the details and see to it that everything was in readiness at the right time and that there were no hitches. They worked hard even before the tournament opened and continued for several days after its close. They did everything possible for the pleasure of the contestants and for the public. Attractive and convenient programs were provided by some of the citizens of Grayling and no doubt many of these with their records will be preserved by players and fans for many years to come.

### Final Report

The *Avalanche* is indebted to Gerald Poor for the following splendid official report of the tournament:

Hillman-St. Joseph  
In first game Hillman turned in a victory over St. Joseph, of West Branch, by a score of 24 to 16.

Grayling played Grayling Saturday winners played a steady game and fought off every challenge of their bigger and rangier opponents, after being on the short end of things at the end of the first period. They spurred in the second stanza and drew ahead at half time on a safe margin of seven points which they held throughout the rest of the game. The winners' floor-play centered around the bespectacled O'Farrell.

Comins Falls Hard  
Houghton-Lake steam-rolled Comins, 35 to 2, in a class D game. The winners had no trouble in piling up the overwhelming majority, Comins showing little co-ordination or ability to cope with their more experienced opponents. They were limited to a pair of foul shots.

Vanderbilt Crushed  
McBain treated Vanderbilt to an avalanche and buried the opposition under a score of 61 to 4. The game was too far from a contest to be interesting. The McBain team passed and shot like champions and never let up for a moment, in spite of the fact that the substitutions in their lineup were numerous.

St. Mary's-Mio  
St. Mary's of Gaylord panted Mio a stiff jolt that left them on the short end of a 32-2 score. The game was featureless and St. Mary's won without a lot of trouble.

St. Joseph of West Branch took an uninteresting game from Comins in the first round of Class D consolation Friday afternoon by a count of 54-8.

Mio subdued Vanderbilt by a score of 15 to 10, in a Class D consolation game. The game was hard fought all the way and was only settled in the last period when the Mio team crashed through to victory. The Vanderbilt five held an early advantage which they fought hard to protect from the rushes of their heavy opposition.

Houghton-Lake and Hillman staged a spirited battle which settled who should go into the Class D finals and McBain game. Hillman won by a margin of 18 and 10, staying off disaster through cool floor work and the very important leadership of O'Farrell.

McBain won its way into the Class D finals by a thrilling 15 to 12 victory over St. Mary's of Gaylord. The game was not only hard fought all the way through but packed with thrills for every moment. It went close for three tough periods that ended with the count knotted at eleven all and wound up in eight minutes of furious milling which netted McBain two clean baskets from difficult chances and gave the losers only a gift shot.

The game was the best played in District 32 up to that time. The Grayling team went through with but three personals while their opposition erred ten times to the great benefit of St. Mary's who could not have stayed in the running without the gift shots.

McBain sank seven shots from the field to three for the parochials.

In the first Class C game of the tournament Grayling felled Lake City a stiff 27 and 9 decision. Except for the first quarter which ended 4-2 for Grayling the Northern Lights had no trouble at all and the tally mounted without interruption.

Grayling played Grayling Saturday night in the Class C finals by virtue of a victory over West Branch which they achieved by the narrow margin being on the short end of things at of 8 and 12.

West Branch-Gaylord  
West Branch held a lead of 4-3 at drew ahead at half time and the count knotted 5-5 margin of seven points which they held throughout the rest of the game. The winners' floor-play centered around the bespectacled O'Farrell.

Grayling played Grayling Saturday night in the Class C finals by virtue of a victory over West Branch which they achieved by the narrow margin being on the short end of things at of 8 and 12.

West Branch-Gaylord  
West Branch held a lead of 4-3 at drew ahead at half time and the count knotted 5-5 margin of seven points which they held throughout the rest of the game. The winners' floor-play centered around the bespectacled O'Farrell.

## Mrs. Stannard and Paddy Burke Arrested for Arson

For several days past Deputy State Fire Marshall McKenna and Sheriff Bobenmeyer have been busy investigating the recent fire of the Sarah McKay estate, now occupied by Mrs. Annette Stannard. This forenoon he placed under arrest Mrs. Annette Stannard and Paddy Burke, both implicated in setting fire to the place, probably for the purpose of collecting the insurance thereon.

Prosecuting Attorney Nellist says that Mrs. Stannard has made a confession which implicates Mr. Burke with having done the firing. Both are in jail at this time.

## JOHN KELLOGG GOES TO MEXICO

John Kellogg, son of J. E. Kellogg of Lovetts, left last Sunday night for Mexico where he will be employed by the U. S. Graphite Co., for the next two or three years. His brother Carl is also employed by this company at the present time.

A farewell party was given in his honor Saturday night which was a pleasant surprise to him. Fifty-two friends gathered to wish him success in his new venture. Cards and dancing formed the pastime of the evening. At a late hour a good old farmers' lunch was served to which all did justice.

The guests departed after leaving with Mr. Kellogg the very best of wishes to start him on his way to his new home.

## MISS FEDORA MONTOUR AND LIPMAN LANDSBERG MARRIED

Simplicity marked the wedding of Miss Fedora Marion Montour and Mr. Lipman Landsberg, that took place at Ann Arbor Tuesday evening of last week. Rev. Fr. Lynch performed the ceremony in the rectory of St. Thomas' church in that city, and the young couple were attended by Miss Margarette Montour, sister of the bride as bridesmaid, and Mr. Marcus Fodon of Inkster as bestman.

The bride was charming in her gown of orchid silk crepe with which she wore a cream lace hat and corsage of orchids and lilies of the valley. The bridesmaid's dress was flowered silk crepe.

Following the ceremony Mr. and Mrs. Ben Landsberg gave a reception of elaborate appointments, to about sixty guests at Westwood Inn, Inkster to honor the bride and groom.

After a few days honeymooning in Detroit, Mr. and Mrs. Landsberg came to Grayling last Sunday and were guests of the bride's parents, Mr. and Mrs. David Montour until Tuesday and were again feasted, a lovely wedding dinner being served at 3:00 o'clock Sunday afternoon. The color scheme, pink and pearl green, was tastefully carried out with a wedding cake for a centerpiece.

The wedding of this young couple is the culmination of a romance that began during their school days in Grayling High School. Both are graduates of the class of '24 and the bride is also a graduate of Mercy Hospital training school for nurses. Mr. Landsberg during his high school years was a member of the high school basketball team. He is the son of Mr. and Mrs. Max Landsberg of Inkster, former residents of Grayling.

The young couple will reside in Ann Arbor for the present, and have the best wishes of their hosts of friends for a long and happy wedded life.

### IN APPRECIATION

We wish to thank our friends and neighbors who so kindly looked after our interests during the fire that destroyed our home last Saturday evening. We appreciate their kindness.

Mr. and Mrs. James W. Perkins.

## MASONIC BANQUET TONIGHT

Rev. Carlton Brooks-Miller Will Be Principal Speaker

One of the largest crowds ever gathered together for such an occasion in Grayling is expected tonight at the big Masonic rally at which the Rev. Carlton Brooks-Miller will impart an impressive message. Rev. Miller is not a stranger at Masonic gatherings. He is always greeted enthusiastically for the audiences thru-out Michigan and Ohio have heard him often and are well pleased with him. He is an overseas man and is known as "The Flying Parson," flying his ship at times as he holds his pilot's license. He is a traveler and with his ready and eloquent manner of speech provides an instructive as well as a pleasant evening. Masons from all over this part of Michigan will be in attendance.

The Eastern Star ladies will serve the banquet. It will be held in the Michelson Memorial church parlors as their own dining room will be much too small to accommodate the crowd that will be here tonight.

Everything is in readiness and a wonderful time can be expected by those who will be here. The menu is as follows:

- |                 |                     |
|-----------------|---------------------|
| Roast Pork      | Gravy               |
| Mashed Potatoes | Mashed Rutabagas    |
| Pickles         | White and Rye Bread |
| Date-Torte      | Whipped-Cream       |
|                 | Coffee              |

The banquet room will be artistically decorated in pink and green and vases of flowers will grace the tables. The decorations will be in charge of Mrs. Leo Jorgenson.

## ENTERTAIN WITH EVENING BRIDGE PARTY

Dr. and Mrs. R. B. Howard entertained Tuesday evening with a very pleasant bridge-party for sixteen of their friends at their apartment. St. Patrick's decorations were used by the hosts.

Guests included Dr. and Mrs. C. G. Clippert, Mr. and Mrs. Roy Milnes, Mr. and Mrs. Marius Hanson, Mr. and Mrs. Lorane Sparkes, Mr. and Mrs. A. J. Joseph, Mr. and Mrs. O. P. Schumann, Holger Hanson and Mrs. J. H. Howard of Louisville, Ky. Prizes were won by Mrs. A. J. Joseph, Mrs. Oscar Schumann and Dr. C. G. Clippert.

## MRS. FRANK BARKER, FLINT, PASSED AWAY

Former Grayling Lady Brought Here For Burial

Mrs. Frank Barker, who, before her marriage was Miss Elsie Mortenson, a daughter of Mr. and Mrs. Andrew Mortenson of Beaver Creek, died at her home in Flint March 4th. She was 35 years of age.

For several years she had been a victim of diabetes, and immediate cause of death was jaundice. Her husband and mother, Mrs. Carrie Mortenson of Beaver Creek were with her at the time of her death.

Mrs. Elsie Mortenson Barker was born in Grayling, August 1, 1894, the daughter of Mr. and Mrs. Andrew Mortenson, and died March 4, 1930.

On May 8, 1917, she was married at Flint, Michigan, to Mr. Frank W. Barker, at which place they have since made their home.

Mrs. Barker had been ill for three years and during this time was never known to complain but was a patient sufferer until the end.

She leaves to mourn her going the following relatives, her husband

Frank W. Barker, mother, Mrs. Carrie Mortenson of Beaver Creek, one sister Miss Lillian Mortenson Flint; two brothers, Clarence Mortenson of Flint, and Hjalmar of Grayling; one niece, Gloria June Mortenson and a cousin, Peter Mortenson, of Flint.

The remains were brought to Grayling for burial. Services were held in Michelson Memorial church Friday afternoon, Rev. Greefwood officiating. Interment was in Elmwood cemetery beside the remains of her father. The pallbearers were former schoolmates of Mrs. Barker at Beaver Creek and were as follows: Axel Christenson, Otto Failing, Charles Hatch, Homer Anis, Loren Moon and George Skingley.

Those from out of the city present at the funeral were the husband, Frank Barker and sister Lillian Mortenson, Flint; mother Mrs. Carrie Mortenson and brother Hjalmar, Beaver Creek; Mr. and Mrs. Clarence Mortenson and daughter Gloria June, Axel Christenson and son Edward and Mr. and Mrs. Peter Mortenson, Flint; Mr. and Mrs. Charles Hatch, Mt. Morris and Miss Edna Taylor, Detroit.

## WOMAN'S CLUB NOTES

Books, the best of this year's quota, formed the basis of a diverting program at Monday's meeting of the Woman's Club. The two reports around which the discussion turned were, a book review of Freeman's, "Joseph and His Brethren," given by Miss Louisa Sibley and introductory comments to "Five Books Worth Reading," presented by Miss Ione Arnold.

The main topic of interest at the business meeting was the report of the Civic committee headed by Mrs. Daisy Barnett, the hostess.

## GOODFELLOWSHIP CLUB NOTES

The regular meeting of the Goodfellowship Club was held with Mrs. Chas. Tromble. After the business session which was conducted by Mrs. C. G. Clippert the club listened to a very interesting paper on the "World Court," read by Mrs. Lorane Sparkes. Meeting adjourned.

## NOTICE

I will not be responsible for any debts contracted by my wife after this date.

## BLAMING FARMER FOR DAIRY SLUMP DECLARED UNFAIR

WATERTOWN, Wis.—Claims that better prices have slumped because farmers are eating substitutes are an unjust indictment against the dairy farmer and are injuring rather than aiding the dairy industry, State Senator John C. Schuman of Watertown declared in a statement issued here.

"The inference of these assertions which purport to explain why America is confronted with a 38,000,000 pound butter surplus," said Senator Schuman, "is that dairy farmers are gaining their own business."

"The interests inspiring these statements throughout the dairying sections are attempting to convince the public that butter is the only dairy product suffering from surplus. This is far from the real facts. All dairy products including fluid milk and cream are below normal market value to the farmer."

"There was an increased surplus of 90,000,000 pounds of evaporated and condensed milk in storage at the beginning of 1930 over the previous year. Powdered milk showed an added surplus of \$331,507. The dairy market division of the Bureau of Agricultural Economics reported recently that the average price of cheese in 1929 was the lowest since 1926. If the accusation that farmers caused the butter surplus is true, then they could be equally blamed for the surplus of all these products."

"It is probable that all these accusations are in reality based on information secured from butter people who are naturally not interested in the farmer's welfare or earning power, but solely in the margin of profit they themselves obtain. That is why, when a butter surplus confronts them, they blame the farmer for eating substitutes."

"It has been an immemorial pastime to blame the farmer for all the difficulties of agriculture. When he understands that the real facts are being suppressed, his awakening will be an unpleasant experience to those who are throwing dust in his eyes."

## WONDER CAVERN IS LURE TO TOURISTS

COBLESKILL, N. Y.—If Rip Van Winkle had taken his little snooze in the Hudson highlands lately, instead of during the Revolution, he would have had real occasion to rub his eyes on awakening.

Man has lately been prying at nature in Mystery Van Winkle's old neighborhood, unearthing secrets at which Rip could only make guesses. What would Rip think, for instance, of electric elevators, descending through a concrete shaft, 150 feet into the earth, into underground chambers where a myriad of electric lights play on the miles of stalactites and stalagmites?

This is the engineering feat recently completed for the pleasure of motor-tourists at Howe Caverns here. It is not inconceivable that Rip himself may have scrambled over the cavern's rocky roof in his eagerness to get out of earshot of Dame Van Winkle's tongue. But existence as a twin-wonder to Niagara Falls, did not become known to the white man in his lifetime.

Howe Caverns remained unexplored until recently because of its extreme inaccessibility. Increase of motor-travel in the neighborhood has led to the construction of roads which place the entrance to the caverns on the main highway (Schoharie Trail, New York State Route 7), forty miles west of Albany and thirty miles southwest of Schenectady.

## STOCK MARKET CRASH BOOSTS BOOK SALES

NEW YORK.—Far from injuring the book business, the recent doings in Wall Street are an actual stimulus to book sales.

"The business of making and marketing literature thrives on upsets and catastrophes which jolt men's minds into new lines of thought," according to Harry L. Hollingsworth, professor of psychology at Barnard College, Columbia University, and contributing editor of the World Book Encyclopedia.

Prof. Hollingsworth explained that he reached this deduction, not only from consideration of the present situation, but of the reaction of the public mind to the panic of 1907 and the years of post-war disillusionment. "History and human nature are repeating themselves today. The demand, however, is not for the diversion of fiction, New York dealers say, but for substantial works of reference of the World-Book type. Biographies and scientific volumes also show gains. In time of uncertainty, people want the sort of reading they can 'sink their teeth into.'"

## GREAT NORTHERN PIKE EAT BASS

One Great Northern pike, caught in Houghton Lake had 90 small bass and bluegills in its stomach.

The Fish Division of the Department of Conservation has received from Dr. Frank Alger of Ithaca a report of a pike speared in Houghton Lake during February. With the head of the pike, Dr. Alger sent 90 small bass and bluegills found in the stomach. About two dozen additional small fish had been partly digested.

## CAME IN HANDY

"Do you think a mud-pack is any good?"

"Well, it saved me the other day at Doctor Jones'."

"Why, how was that?"

"My husband didn't recognize me."

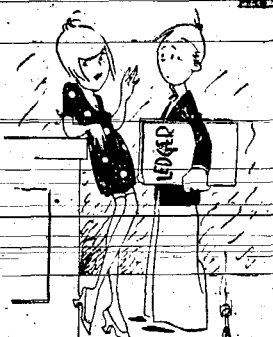

## HIS BIG PARTY

"He says he's going to hold a big party tonight."

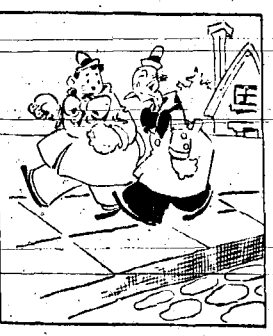

"He's probably telling the truth—she weighs two hundred pounds."

## BIG OBJECTION

She—Met Mary an efficiency expert? Never! He'd insist in living within our means.

## HORIZON-LIKE

"You don't like her because she's like the horizon, do you?"

"She always recedes as you approach."

## HE RANG IN

Sister—Well, what luck did you have with the latest bull?"

Brother—Oh, I succeeded in ringing in.

## HE'D GET THE CHANCE

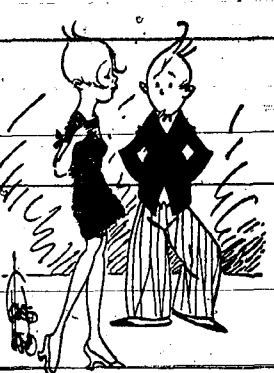

He—Id meet the most terrible danger, sweetheart, to make you mine!

She—You'll have a chance to when you meet mother, dear.

## NAVY WILL TAKE EIGHTEEN IN MARCH

The Navy Recruiting Station, Detroit, has been authorized to accept eighteen men from Michigan and northern Ohio, for enlistment in the naval service during the month of March. Those accepted will be selected from applicants by an elimination system which includes both physical and mental tests.

## ABSENT MINDED

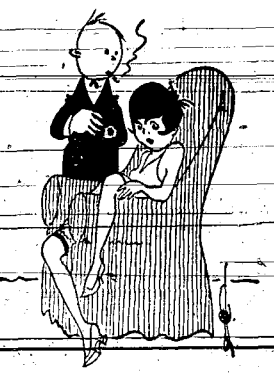

"Jack is awfully absent minded."

"How so?"

"He scratched his wife and kissed a match the other night."

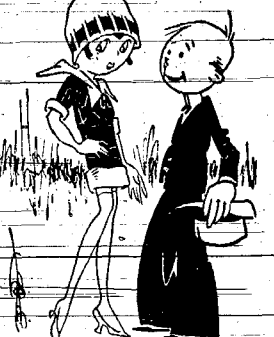

## MADE OF ICE

"How much did your dad make in the ice business?"

"A cool million."

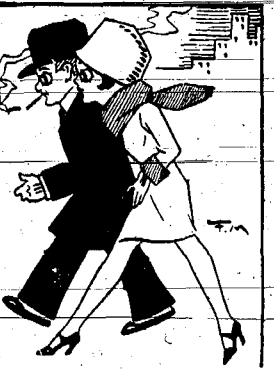

## EASY TO FIND

He—Could you direct me to a good eating place?

She—Sure, I'll go with you.

## GOBS OF 'EM

"Did you ever love a sailor?"

"Yes, gobs of 'em."

## DOUBLE CROSSED

He—What was wrong in putting those two X's at the end of my letter?"

She—That's double crossing me.

## TERRIBLE DOINGS

Devon Turtle—I think those green lights are disgusting. Those frogs should be compelled to wear bathing suits!

## EXPEDITE MAIL FOR U. S. FLEET

Navy Recruiting Station, Detroit: Arrangements for handling the mail of the U. S. Fleet, during its sojourn in tropical waters has been made with the New York Post Office, to insure its prompt delivery. As some five or six mail steamers ply between New York and Panama each week, the arrangement makes certain that mail for men of the fleet will lose no time in delivery.

## Konjola Put Saginaw Man Back to Work

Victim of Several Ills He Thought He Never Would See Another Well Day

## MR. JOHN GUTHRIE

Konjola, master medicine for the stomach, liver, kidneys, and bowels, and for rheumatism, neuritis and nervousness, is not designed to give mere temporary relief. Its goal is new and glorious health. Read the words of Mr. John Guthrie, 133 South Oakley street, Saginaw:

"Konjola put me back to work. I had stomach trouble so bad that many a time on my way to work I had to sit down until the attack of pain passed. My kidneys gave me trouble, too, and I was bothered with night-risings. Then neuritis developed in my shoulder and left arm. Finally I had to give up work altogether."

"I read an endorsement of Konjola by a man I knew, and I talked with him about this new medicine. He urged me to try it. He said Konjola was just what I needed. Well, it certainly was just that, for after the third bottle I was able to go back to work. I took in all eight bottles, and am feeling fine in every way, and a different man in disposition and health."

Konjola is sold in Grayling at the Mac & Gidley drug store and by all the best druggists in all towns throughout this entire section.

Thought is Supreme.

Mind, said Daniel Webster, is the great leveler of all things; human thought is the power by which human ends are alternatively answered.

## Registration Notices

### LOVELL TOWNSHIP

To the Qualified Electors of the Township of Lovell, Crawford County, Michigan.

Notice is hereby given that I, the undersigned township clerk, will upon any day, except Sunday, receive for registration the name of any legal voter in said township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the second Saturday and day of election, April 7, 1930.

Notice is further given that I will be at my home on

Tuesday, March 18;  
Saturday, March 15;  
Saturday, March 22;  
Saturday, March 29.

1930, from 8 o'clock a. m. until 8 o'clock p. m., on each of said days for the purpose of reviewing the registration and registering such of the qualified electors as may properly apply therefor. March 29th is the last day of registration by personal application.

### LOUISE McCORMICK, Township Clerk.

### GRAYLING TOWNSHIP

To the Qualified Electors of the Township of Grayling, Crawford County, Michigan.

Notice is hereby given that I, the undersigned township clerk, will upon any day, except Sunday, receive for registration the name of any legal voter in said township not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the second Saturday and day of election, April 7, 1930.

Notice is further given that I will be at my home on

Tuesday, March 18;  
Saturday, March 15;  
Saturday, March 22;  
Saturday, March 29.

1930, from 8 o'clock a. m. until 8 o'clock p. m., on each of said days for the purpose of reviewing the registration and registering such of the qualified electors as may properly apply therefor. March 29th is the last day of registration by personal application.

### ALFRED HANSON, Deputy Township Clerk.

### FREDERIC TOWNSHIP

To the Qualified Electors of the Township of Frederic, Crawford County, Michigan.

## The Care of Your Money

### THE TREND OF INTEREST RATES

Every investor is interested in the trend of interest rates for the amount of his income is determined by the interest he is able to receive on his investments. When money becomes scarce the man who would borrow money must pay a high price for the use of it, while the man who can lend money in hard times can secure a high interest for doing so.

Money which money is scarce on in keen demand as in the case of a war, interest rates advance. With the return to prosperity when the country has more money than it actually needs for daily living, surplus wealth accumulates, money becomes plentiful, and interest rates decline.

Three per cent was quite a usual return on a good investment in this country in 1921. Great Britain once reached a stage when little more than 2 per cent could be obtained on safe bonds.

History shows a decline in interest rates after every great war. With the World War the demand for money was great and interest rates advanced. In the difficult period immediately following—a time of depression and readjustment—the demand continued. With the gradual return to normal, with the increasing surplus of wealth over and above that needed for daily living, interest rates have declined. In 1921 the current income of the people of the United States was \$32,700,000,000. In 1927 this income had risen to \$52,715,000,000. In 1928 it was possible to obtain 7 per cent interest on a high grade investment. Today 5 1/2 or 6 per cent are considered very good returns on similar investments.

Roger Babson, the eminent statistician, and Straus Brothers Investment Institute predict that the gradual decline in commodity prices and interest rates has not yet run its course—that the interest obtainable with safety today will not be obtainable in the near future, because interest rates will have declined further.

It behooves the investor today to take advantage of present opportunities for bond investment while interest rates are still a very fair return on invested funds. He can do so by choosing bonds of as long maturity as he can secure for himself the present interest return for as long a period as possible.

## ANNUAL TAX SALE

STATE OF MICHIGAN,  
County of Crawford,  
In the Circuit Court for the County of Crawford in Chancery:  
The Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.  
On reading and filing the petition of the Auditor General of the State of Michigan praying for a decree in favor of the State of Michigan against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land and for such lands be sold for the amounts so claimed by the State of Michigan.  
It is ordered that said petition be brought on for hearing and decree at the April term of this Court to be held at the Village of Grayling in the County of Crawford, State of Michigan, on the 8th day of April A. D. 1930, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a decree will be taken and entered as prayed for in said petition. And it is further ordered that in pursuance of the plan described in said petition for which a decree of sale shall be made, for the several taxes, interest and charges thereon as determined by said decree, on the 8th day of April A. D. 1930, at the opening of the Court on that day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the county seat of the County of Crawford, State of Michigan; and that the sale then and there made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein, or if no person will pay the taxes and charges and take a conveyance of less than the entire fee simple interest, then the same shall be offered and sold, if any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offering, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.

Witness the Hon. Guy E. Smith, Circuit Judge, and the seal of said Circuit Court of Crawford County this 13th day of February A. D. 1930.

Countersigned,  
GUY E. SMITH,  
Circuit Judge.  
CHARLES GIERKE, Clerk.  
(SEAL)

## STATE OF MICHIGAN

To the Circuit Court for the County of Crawford in Chancery:  
The Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.  
That the list of lands hereinafter set forth and marked "Schedule A," contains a description of all lands in said County of Crawford upon which taxes were assessed for the years mentioned therein, and which were returned as delinquent for non-payment of taxes, and which taxes have not been paid; together with the total amount of such taxes, with interest computed thereon to the time fixed for sale, and collection fee and expenses as provided by law, extended against each of said parcels of land.  
Your petitioner further shows to the Court that said lands were returned to the Auditor General under the provisions of Act 206 of the Public Acts of 1893, as delinquent for non-payment of said taxes for said years respectively, and that said taxes remain unpaid, except that lands included in said "Schedule A" for taxes of 1890 or prior years were returned to the Auditor General as delinquent for said taxes under the provisions of the general laws in force prior to the passage of Act 206 of the Public Acts of 1893, and which taxes remain unpaid.

Your petitioner further shows that in all cases where lands are included in "Schedule A" as aforesaid for taxes of 1890 or of any prior year, said lands have not been sold for said taxes or have so have been sold for said taxes and the sale or sales so made have been cancelled by a decree of competent jurisdiction, or have been cancelled as provided by law.

Your petitioner further shows and avers that the taxes, interest, collection fee and expenses as set forth in said "Schedule A," are a valid lien on the several parcels of lands described in said schedule.  
Your petitioner further shows that the said taxes on the said described lands have remained unpaid for a period of one year after they were returned as delinquent, and the said taxes not having been paid, and the same being now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land contained therein, and in default of payment of the said several sums computed and extended against said lands, that each of said parcels of land may be sold for the amounts due thereon, as provided by law, to pay the lien aforesaid.  
And your petitioner will ever pray, etc.  
Dated February 11, 1930.

ORAMEL B. FULLER,  
Auditor General of the State of Michigan,  
for and in behalf of said State.

### NINE NEW SONG HITS IN "GOLD DIGGERS OF BROADWAY"

The screen has definitely proven itself the outstanding means of bringing a song to the public for the first time and to helping to plug it into "hit" proportions.

Numerous talking pictures have brought to the world-catchy melodies that have proven to be extremely popular—many of them in the best seller class.

Ten brand new songs are introduced for the first time in "Gold Diggers of Broadway," the newest Warner Bros. and Vitaphone 100% natural color, singing, talking, dancing, special showing at the Rialto Theatre, March 16-17.

The songs in this comedy picture of Broadway's chorus girls on and off the stage are presented by several of the most famous footlight stars and embellished with surroundings in character with each number.

These ten new tunes are "Song of the Gold Diggers," "Mechanical Man," "And Still They Fall in Love," "What Will I Do Without You," "The Polka Kiss of That Spaniard," "Go to Bed," "Painting the Clouds with Sunshine," "In a Kitchenette" and "Tiptoe Through the Tulips with Me."

Such well known stage stars sing these selections in the pictures as Nancy Welford, Ann Pennington, Winnie Lightner, and Nick Lucas. The tunes were composed especially for this comedy production by Al Dubin and Joe Burke, two of New York's best known song writers who are now under exclusive contract to Warner Bros.

Other principals in the all-star cast of "Gold Diggers of Broadway" are Conny Tetter, Lilyan Tashman, William Ballew, Helen Foster, Allyn, and Vitaphone 100% natural color, singing, talking, dancing, special showing at the Rialto Theatre, March 16-17.

## TO STUDY CAUSES OF DEER DYING

Anxious to get at the root of the annual complaints received from the vicinity of Alpena concerning deer dying of starvation, the Game Division of the Department of Conservation has sent V. H. Cahalane to investigate. For some time Mr. Cahalane has been specializing in deer troubles.

Nearly every spring for several years the Department has received reports from the Turtle Lake district that the deer are in bad condition, and has been urged to provide artificial feed. Anticipating more questions of this sort, early in February four conservation officers investigated the deer situation in the swamps north of Turtle Lake and reported that there was no cause for alarm over the Turtle Lake deer this winter.

Now statements have been quoted in a local newspaper that within "a distance of one and a quarter miles six carcasses of deer were lying along the road" that farmers "have found carcasses of young deer in the woods, starvation being the cause of death" and that "the deer were all young ones and they give as the cause of death the inability of the smaller deer to reach the brush and boughs that supply succulence."

The Game Division will attempt to determine just how many dead deer can be found and what they died from.

Mr. Cahalane will see for himself the condition of the yarding areas where the deer are reported to be in difficulties, and will make a special effort to pick up all the dead deer he can and give them detailed post-mortem examinations. He will examine the carcasses on the ground or will ship them to the University of Michigan laboratories for further or more detailed work, as may seem best.

In letters sent to a score of persons living in the Alpena district, the Game Division has asked that "any one knowing of or finding a dead deer in the woods, should bring it out to some farm or town where it can be put in a shed or otherwise be protected and kept frozen, or should deliver or report it to Wardens Charles E. Eagle of Hillman, Lester G. Haken at Spratt, or Benjamin J. Nannes at Alpena."

"If it is thought that a number of dead deer can be found in certain areas we shall appreciate it if interested sportsmen will organize a hunt and send in parties to locate and bring out the carcasses," the letter continues.

"Every deer brought in should have attached to it a tag telling in detail by whom it was found, when, and where it was found, in what sort of cover (cedar swamp, hardwood side hill, etc.), and anything else which may bear on the cause of a death.

"If a considerable number of carcasses are assembled, so as to demonstrate that these stories of many dead deer are based on sober fact, we shall make every effort to find out in detail the causes of death, and to take measures to reduce such troubles in the future; but if very few carcasses are located and delivered, or if the examinations indicate that the causes of death are various and unpreventable (such as old wounds, parasites, pneumonia, and the like) we shall hope that these early spring stories about 'lots of dead deer' and 'deer starving' will stop."

## Michelson Memorial Church

John Wilfred Greenwood, Minister

March 16—A Great Day—March 16

10:30 a. m. Special music service. Address: "The Singing Christ."

7:30 p. m. Stirring address by a great youth leader, Dr. Fred Poole of Detroit. Dr. Poole was Director of Religious Education, an assistant pastor of Dr. Lynn Harold Hough. Hear him speak on "Youth looks at the world."

Abraham Lincoln 1860-1864

"Let reverence for the law be breathed by every American mother to the lisping babe that prattles on her lap; let it be taught in the schools, in seminaries, in colleges; let it be written in primers, spelling books and almanacs; let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice. And in short let it become the political religion of the nation."

Herbert Hoover 1929-1933  
"Them's my sentiments, too."  
Are we with Lincoln or Al Capone?

### YOUR TAX DOLLAR

Everywhere we go people are talking about the burden of taxation. They do not complain about not getting value received from their tax dollar, but they do say that taxes have mounted so rapidly in recent years that their absorption in most cases brings actual financial embarrassment.

Are you one of those who believes taxes too high? Do you think there is an unequal distribution of the tax burden? If you do you will be given an opportunity to state your views on this important subject.

The state commission of inquiry into taxation, appointed last year by Governor Fred W. Green, will hold the first of a series of public hearings in the Senate chamber at Lansing on Thursday, March 20. Taxation on real and personal property will be discussed. As a taxpayer you are invited to attend this hearing, express your opinion and make any suggestion you may desire on this important phase of government.

**Musical Numbers**  
"Hark, Hark My Soul" by Fred Moey, sung by Marie Schmidt, Mrs. Jarmih, Fred Alexander, Harold Jarmih.  
Authentic—"Praise Ye the Lord," by Gounod—Choir.  
"Sing the Love of Jesus"—Ladies Quartette.  
"The Great Heavenly Choir," by Jordan—Mr. Edward H. Webb.

## The Log Office Says

Interesting bits of news and comment about Northeastern Michigan gathered by the E. M. T. A.

### Executive Meeting To Elect President

At a meeting of the Executive Committee of the East Michigan Tourist Association, called for one o'clock, Friday, March 14, at the Hotel Bancroft in Saginaw, one of the most important matters of business to be the election of a president. This office was recently left vacant by the resignation of Floyd A. Allen, who had served a four-year term. A new member of the Executive Committee is also to be chosen; the advertising schedule for the year is to be presented for approval; and matters of policy and finances are to be discussed.

### Vacation-Land To Be Famous For Food?

"Sa-a-y! The folks that vacation in East Michigan this year are going to be well fed on fresh fruits and vegetables, if I'm any judge," said L. L. Drake, district agricultural agent for Northeastern Michigan. "There's more interest in the producing of the many varieties of vegetables and dairy products that the tourist wants this year than I've ever seen before. You see, word has got about among the farmers of the big profits some fellows with small vegetable gardens made last season. It'll mean bigger prosperity for Mr. Farmer and a lot more enthusiasm about East Michigan for Mr. Tourist."

### Picture Language To Tell The Tourist

"From the sign language of the Indians to the picture language of the E.M.T.A.," would be a good title for a part of the publicity program of this association this spring. For besides the spoken and written word, there is nothing that so lures the traveler as beautiful pictures of interesting places, this office believes. Already, photographs of various lovely spots in East Michigan, taken by the E.M.T.A., have been accepted by national magazines for publication in early issues. In several instances letters from the editors have commended their clearness and beauty.

### "Let George Do It" No More Help Than Ever

In spite of its age, the Let-George-Do-It attitude continues to be popular to build any bridge. Neither can it promote East Michigan. Well, as we were saying—J. R. MacDermott

### PRICE TO PAY FOR A HOME

ECONOMIST SUGGESTS TWO YEARS' WAGE AS PRICE FOR ONE'S OWN HOME

(By S. W. STRAUS, President American Society for Thrift)  
We have reached a period of the year when the thoughts of many are given to owning a home. To own one's home is a good way to practice thrift for most persons. The problem, however, is not easy of solution. The question with most prospective home owners is "How much can I afford to pay for my home?"

As in all other problems relating to individual or family administration, each case presents certain special aspects. Only broad, general suggestions can be offered. Manifestly, a young man whose prospects are for a continually rising income can afford to pay more for a home than a man who, through one circumstance or another can look into the future years with no assurance of greater earnings.

One of the most interesting contributions to this subject was made recently by Mr. Henry M. Stegman, writing in the "Thrift Magazine." He points out that "most homes are bought on part payment. Here the need for caution is even greater than if all the money were in hand. The monthly installments are not all savings. Especially in the beginning, they will go chiefly toward meeting the interest. As the debt is gradually reduced, this factor will decline. But the initial bargain should be based as closely as possible on one hundred times the weekly wage."

One hundred times the weekly wage would be approximately two years' wage, which, Mr. Stegman concludes, is a good basis for determining what one should pay for one's own home.

It must be born in mind, however, that this is only a general formula. Homes in or near large cities, for example, are more expensive than those purchased in small places. For this reason home ownership is out of the reach of many city workers whose only recourse is to go far into the suburbs and sometimes this is impracticable. We may feel, nevertheless, that with the vast multitude of Americans, home ownership is an economic possibility. With most families it is a commendable type of thrift and at this period of the year should receive every encouragement.

### Good Book's Value

A good book is the precious lifeblood of a winter spirit embalmized and treasured up to a life beyond life

Five hundred black and white metal fishes will direct visitors during the coming summer to the Department of Conservation's trout rearing ponds scattered throughout the state.

The metal signs will be erected along trunk line highways in the vicinity of the ponds.

Hundreds of people visit these ponds each year to see countless numbers of baby trout and to watch them being fed.

### CARD OF THANKS

"It is with sincere gratitude that we express our appreciation and thanks to the friends who were so kind and thoughtful during the illness and death of our wife, daughter and sister, who passed away March 4th, and for the many flowers. These kindnesses will ever be remembered.

Mr. Frank W. Barker, Mrs. Carrie Mortenson and Family.

Constancy of Will  
The constancy of the will is only the art of keeping disquietude to one's self.—Rochefortism

### Geography Is Beginning At Home

Even the school children are beginning to look more closely at the roses around the door instead of the blue horizon. "Michigan, My Michigan," from all indications, is becoming a possession to study and cherish rather than a phrase to sing. For this office has been busy recently with inquiries and requests from school children from many parts of the state for stories and pictures and booklets on the natural scenic beauties of our peninsular paradise.

### Voyage To Saginaw Had Ocean Travel Beat!

"The East Michigan Tourist Association recommends a lot of interesting trips to vacationists—motor trips, canoe trips, hiking trips, lake trips," said Senator Augustus H. Ganssner a few days ago, "but I'm telling you that none of these, and none of my ocean travel, have ever produced the thrill of the round-trip voyage from Bay City to Saginaw when I was a boy! Up the river and back! And wondrous sights to see along the way! I tell you, East Michigan has always been the place for a vacation!"

### BABBITT-BUNKER NUPTIALS

Mrs. Jessie D. Babbitt and Howard Bunker were married Wednesday morning by Reverend Greenwood at the parsonage. They were attended by Miss Fern Lovell and Rollo Failing. The couple will make their home in Grayling, in the residence Mrs. Bunker has been occupying. Friends of the couple wish them much happiness for the future.

### Hospital Notes

Mrs. Etta Nowlin who has been a patient at Mercy Hospital for two weeks was dismissed Saturday.

Mrs. Herbert Trudeau has recovered nicely from her operation for appendicitis and will be dismissed from the hospital today.

Miss Virginia Hoelsel who had an operation for appendicitis several days ago, was dismissed from the hospital Tuesday of this week.

Floyd Millikin, seven years old, has been a patient at Mercy Hospital for a few days suffering from cuts and lacerations on his chin, forehead and nose. The youngster was going across the street with a scooter at seven o'clock Monday evening and a car driven by a young lady in Grayling pushed him off of the scooter. He was dismissed from the hospital Wednesday.

### METAL FISHES TO DIRECT

Five hundred black and white metal fishes will direct visitors during the coming summer to the Department of Conservation's trout rearing ponds scattered throughout the state.

The metal signs will be erected along trunk line highways in the vicinity of the ponds.

Hundreds of people visit these ponds each year to see countless numbers of baby trout and to watch them being fed.

### Free Want Ads. to Subscribers

During the month of March, all "For Sale" and "Wanted" want-ads in the Avalanche will be run free to paid-in-advance subscribers. This gives our subscribers an opportunity to advertise any articles they have no further use for—churns, plows, cars, furniture, phonographs and records, farms and other land, etc. Also, there will be many things you will want. Someone, undoubtedly, has just such an article as you are wanting and by putting a little wanted in our paper you will find just what you want.

Of course those in business will understand this offer does not apply to goods which they carry in stock for sale. It does apply, however, to articles not connected with their business which they wish to dispose of, or something not connected with their business which they wish to buy.

This offer is not made as an inducement for anyone to pay their subscription—we don't have to. The Avalanche, we believe, has the best paid up subscription list in northern Michigan.

It is simply a good-natured effort to extend the usefulness of our Want-Ad. department to our friends, and is another added feature to make the Avalanche more valuable to its readers.

## NEWS REVIEW OF CURRENT EVENTS

### President Hoover's First Year Is Both Praised and Attacked.

By EDWARD W. PICKARD

Whether Herbert Hoover's first year as President is to be considered successful depends largely on the political bias and economic convictions of the one who does the considering. The varying views on the matter were expressed in the senate by Senator Simeon D. Fess of Ohio, speaking for the administration party, and Senator Pat Harrison of Mississippi, speaking for the opposition.

Senator Fess especially praised the President's efforts to combat business depression, saying: "If regard the handling of the economic forces that were playing toward disaster by the President as the most outstanding accomplishment in the history of the government of which I have any knowledge on economic lines." He said he was not entirely sure that it was possible to avoid the cycles in business in which a high business level is followed by a depression. "If it can be done," continued the Ohio senator, "we have the leadership in the White House that will do it; for the President has been working on the problem eight years."

In dealing with other features of the administration record during the year Senator Fess discussed "foreign relief, the tariff, the naval armament conference, other international questions, and prohibition."

Senator Harrison said he wished to congratulate Senator Fess "on his audacity and nerve in speaking explanations of the misadventures of the administration during the last year."

"If the failure to solve big problems is an achievement, then this administration for the last year is a success," said Senator Harrison. "If disgruntling the farmers of the land is an achievement, then this administration is a success. If dissatisfying labor is an achievement, then this administration is a success. If inducing on the part of a President is an achievement, then President Hoover's first year is a great success."

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES  
OF THE AVALANCHE OF 23 YEARS AGO.

Thursday, March 14, 1907

Born to Mr. and Mrs. Newton C. Ragen of Grayling, a son.

Born to Mr. and Mrs. Lewis Contois of this village, a son.

R. P. Forbes reached the allotted span of three score years and ten, last Saturday. He is a pretty lively kid yet.

Only 20 votes were polled at the village election last Monday. Not enough for a scrap and the board was lonely all day.

The first harbinger of spring made its appearance here last week. The boys were playing marbles on the north side of the streets where the sun had removed the ice.

Mrs. Houghton of Lovells is not improving very fast.

According to the report from Lansing 5,890 saloons paid \$2,821,206.10 to do business in this state for the fiscal year ending Dec. 7, 1906. Alcona county had the least number of saloons, only three.

The Citizens' Band called at the family home of their fellow member, Mr. Oscar Hanson, last Friday evening and rendered several fine selections in honor of his return with his bride. They were most cordially welcomed and royally entertained.

Mrs. Frieda Niles went to Waters Friday for a visit with her mother and brother.

Prof. Bradley was reported ill two days last week, so as to be unable to attend to his school work.

A. E. Newman started for California last Thursday to look over some timber and mining property in which he has become interested.

Mrs. Wilson Hickey, one of the pioneers of South Branch died at her home the 8th inst.

N. P. Olson started for Monroe, La. Monday, where he is interested with the Grayling Lumber Co. It will give him an opportunity to look over their business interests, and he will escape some disagreeable March weather.

A lot of school kids ought to be spanked. They were allowed to hold a box social at the school house last Friday evening and at about ten o'clock kept that part of the village excited for half an hour or more by spasmodic clanging of the bell. It was not funny.

Mrs. Harriet Edmunds, one of the pioneers of this county, died at her home in Maple Forest last week Tuesday, aged 81 years. She leaves five sons, Rufus of Maple Forest, with whom she has lived and John, who is in Oregon, and three sons, William Isaac and Henry in Alaska, and five daughters, Mrs. Archie Howse of Maple Forest; Mrs. J. Kaines of Frederic; Mrs. J. Thompson of Hardgrove and Mrs. Kennedy and McClellan of Tawas. She was one of the

grand type of pioneer woman, a friend to all and highly esteemed.

### Wedded in Church

Last Monday evening the Danish Lutheran Church was finely decorated with palms, roses and carnations, in honor of the marriage of Mr. Andrew Larsen of Manistee, and Miss Sena Petersen of Grayling. Rev. C. A. Kildergaard officiating, with the impressive ritual and ring service of the church.

The bride was beautifully gowned in white, with veil and carried white carnations, and was attended by her sisters, Miss Nora, as Maid of Honor, Miss Lena, Bridesmaid, and little Nina bearing the ring in a beautiful rose. The groom in conventional black was attended by Peter Petersen brother of the bride, as best man.

The church was crowded to its utmost capacity, proving the popularity of the bride, as did also the scores of wedding gifts at her home.

A reception at the home, by the immediate families of the contracting parties followed, and the morning train bore them toward their home, awaiting them in Manistee, and bearing with them the best wishes of all our people.

### Hanson-Smith

The marriage of Mr. Oscar Hanson, youngest son of Mr. and Mrs. R. Hanson of this village, and Miss Bertha Howard-Smith occurred Jan. 30th at the home of the bride's parents in Chatham, Ont.

Immediately after the wedding the bride and groom left for an extended trip to the Pacific coast, visiting San Francisco, Sacramento and many points of interest in California, as well as stopping off at several interesting places en route.

On Tuesday, March 5th, they arrived in Grayling where they are planning to make their future home and will immediately begin house-keeping in a pleasant cottage on Peninsular Ave., formerly known as the Woodworth home.

Tuesday evening, March 13th, Mr. and Mrs. R. Hanson, in honor of the young couple, tendered a reception to their friends in their beautiful and spacious home. About 200 guests were invited—the rooms were brilliantly lighted, the air was redolent with the perfume of flowers and beautiful music was discoursed throughout the entire evening. The happiness that beamed on the countenances of the receiving party was also in evidence among the guests. There was not a dull moment the whole evening.

A delicious and dainty buffet luncheon was served consisting of coffee, angel cake, fruit cake, ice cream, lady fingers and macaronos.

After refreshments, the guests wended their way to the large dining room where the bride's wedding gifts were displayed.

The out of town guests were Mr. and Mrs. David Kneland, Mr. and Mrs. Bay of Lewiston; Miss Edith Potter of Milwaukee; Mrs. Lewis Jensen of Gaylord; Miss Mary Woodruff of Roscommon, and Mr. Meilan of Tawas. She was one of the

Maybe hard work never harmed anyone, but we've never noticed any very marvelous benefits from carrying out a couple of tubs full of ashes. —Fort Wayne News-Sentinel.

## HAPPY WOMAN TELLS HOW SHE LOST 19 POUNDS OF FAT IN 27 DAYS

During October a woman in Montana wrote: "My first bottle of Kruschen Salts lasted almost 4 weeks and during that time I lost 19 pounds of fat. Kruschen is all you claim for it—I feel better than I have for years."

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat." Don't miss a morning. The Kruschen habit means that every particle of poisonous back

waste matter and harmful acids and gases are expelled from the system. At the same time—the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts are carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

If you want to lose fat with speed get an 85¢ bottle of Kruschen Salts from Mac & Gidley or any live drug-gist anywhere in America with the distinct understanding that you must be satisfied with results or money

## Zebras Deliver Milk in St. Louis

"Hans" and "Tuntu," a pair of zebras broken to harness when very young, are used by a St. Louis dairy company to haul one of their wagons during the early morning hours.

# THINK OF YOUR AUTOMOBILE IN TERMS OF TOMORROW

*Ultimate cost is as important  
as first cost in the purchase  
of an automobile*

**W**HEN you purchase an automobile you are making an investment of a considerable amount of money. It is essential, therefore, that you give careful thought to the best selection and know what you are getting for your automobile dollars.

The first cost is important because it may mean an immediate, satisfactory saving. Of equal importance is the ultimate cost after thousands of miles of service. This ultimate cost is the true measure of automobile value.

The first cost of the new Ford is unusually low not only because of economies in manufacturing, but because the same principles that inspire these savings are extended to every other step that means greater service to the public. It is easy to see that economies in production would be of little value if they were sacrificed later through high charges for distribution, selling, financing and accessories.

The Ford dealer, therefore, does business on the same low-profit margin as the Ford Motor Company. His discount or commission is twenty-five to fifty per cent lower than that of any other automobile dealer. You gain because he makes a small profit on many sales instead of a large profit on fewer sales.

The difference in selling cost, combined with the low charges for financing and accessories, amounts to at least \$50 to \$75 on each car. This is as important as economies in production in keeping down the price you pay for the new Ford.

THE low ultimate cost of the new Ford is the result of sound design, quality of material and unusual care in manufacturing. Friction and wear are reduced by the accuracy with which each part is made and assembled.

These factors combine to decrease the cost of operation and add months and years to the useful life of the car. The good performance and low yearly depreciation of the new Ford are indicative of the enduring quality built into it at the factory.

SERVICE charges are on the same fair, economical basis as the making and selling of the car and replacement parts are always available at low prices through all Ford dealers. In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost.

Think in terms of tomorrow, therefore, when you purchase an automobile. For tomorrow will reveal its true worth.

Roadster, \$435      Phaeton, \$440      Tudor Sedan, \$500      Coupe, \$500      Sport Coupe, \$530  
Two-window Fordor Sedan, \$600      Three-window Fordor Sedan, \$625      Cabriolet, \$645      Town Sedan, \$670

All prices f. o. b. Detroit. Convenient time payments arranged through the Universal Credit Company.

## FORD MOTOR COMPANY

### SAVE THE HIGHWAYS

The State Highway Department has announced the special restrictions on truck loads using certain trunk lines during the Spring months.

It is a surprising thing, but the department finds that those who make trucking their business are the first to indulge in overloading in spite of the strict watch that is maintained to prevent this practice.

The big trucking companies are constant offenders. Instead of protecting the goose that is laying the golden egg for them they seem to consider it a victory won if they succeed in shooting an overloaded truck through without getting caught.

Not only is overloading especially dangerous at this time of the year when the frost is going out of the ground and roadbeds are settling, but it is dangerous during all seasons. Our finest concrete highways are being battered to pieces by heavy freight trucks carrying excessive burdens on hard rubber tires. They do more to wear out the highways than all of the passenger traffic that moves over them. Of everybody concerned they should be the first to protect the system that builds and maintains a highway for their commerce without extra cost. They are not doing this and will have nobody to blame if a special truck tax is levied by the next legislature.

### OAKLAND-PONTIAC OWNERS PROTECTED FROM LIGHT GLARE

The new Fisher non-glare windshield, set at an angle which prevents annoying and dangerous reflections from striking motorists' eyes during night driving, represents an important safety feature of the Oakland Eight and the New Series Pontiac Big Six.

This type of windshield recently was perfected by the Fisher Body Corporation after many months of intensive research and laboratory work at the General Motors Proving Ground.

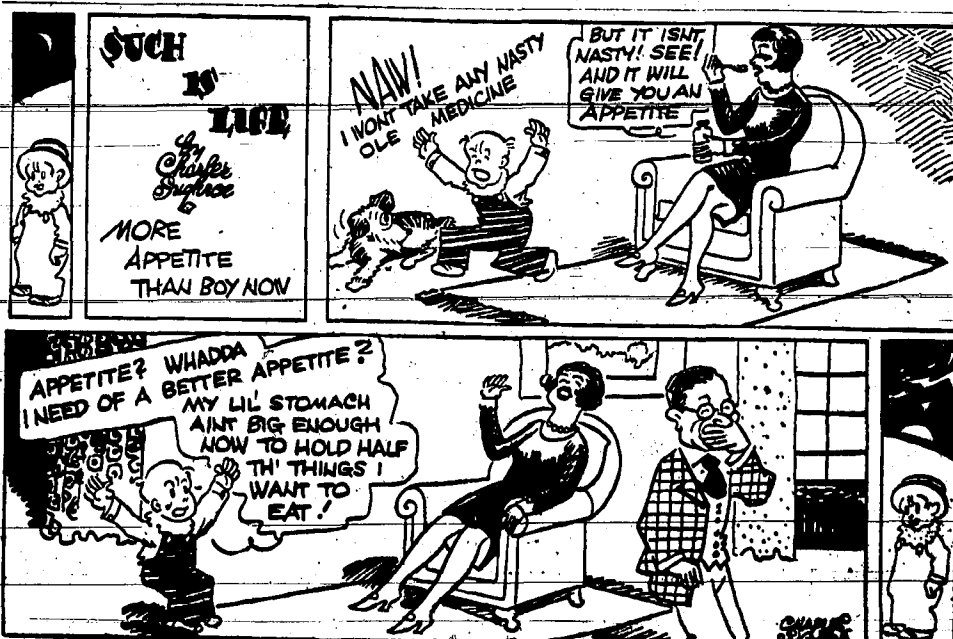

After extensive experiments with light reflections on many types and designs of windshields, the Fisher engineers finally discovered that the reflections would fall safely below the driver's line of vision when the windshield was set at an angle of seven degrees.

In addition to its non-glare feature, the new windshield retains all the original advantages of unobstructed vision and scientific ventilation originally developed by Fisher. The seven degree angle has been achieved with no increase in the diameter of the front body pillars at points where the vision of the driver might be obscured.

Fisher's policy of using only flawless, carefully-selected plate glass, is of course followed in the manufacture of the new seven degree windshield for Oakland and Pontiac bodies.

#### GRAYLING-McBAIN ARE TOURNAMENT WINNERS

(Continued from first page)

Hillman was limited to a pair of free throws, while McBain located the hoop from the field five times. The ever-dominant O'Farrell of the white-clad losers was far less effective in the final sixteen minutes. He tossed in

a pair of long and very neat field goals in the first half, only to go scoreless for the rest of the game. He kept Hillman in there fighting all the way however, and the losers deserve much credit for their showing in the tournament.

McBain, ever popular with local fans, was a deserved winner of the tournament. They played nice ball all the way through and confounded themselves in a very pleasing way both on and off the floor. They have a well rounded team and they can play fine ball. Grayling fans wish them good luck in the regional contests.

Grayling-Gaylord, the traditional rival, a very thorough trimming in the Class C finals Saturday night. The count, when the wreckage was cleared away, was found to stand at 36 and 13, and the Northern Lights had definitely settled all doubts as to which team deserved the honors.

As a game the exhibition was not as interesting. Grayling did things too thoroughly. A devastating offense and a stubborn defense left the Northern Lights quite baffled. But as a third meeting of two old rivals, each with a win apiece and a background of long continued and intense competition, the game had a decided significance. The feeling ran high and the teams fought hard; the score meant little to the boys out there on the hardwood and they never let up for a moment. Grayling is to be commended for sportsmanship in the face of overwhelming odds. The Cushman-trained team was master of things all the way through the game and played ball the like of which has been demonstrated but rarely previous to this.

The "lights" worked to perfection. They jumped into an early and commanding lead and ran the total to 25 and 8 at the half. They scored but five points in the third quarter but held Grayling to three, and then ground out six points in the last frame to a lean two for the opposition. Grayling was never threatened and seemed to do everything to perfection.

Criske, the flashy forward of the Northern Lights, accounted for six points, and led their attack. Center Harrison of Gayling corralled eight field goals

and carried off high scoring honors. Emery helped himself to five field goals and a pair of gratis shots to bank second. To mention individuals is not strictly fair however, for the whole team contributed and the result was the product of fine team play.
